

# Rural Communities Opioid Response Program - Implementation (RCORP - Implementation)

**Grant:** GA1RH33539    **Start Date:** 03/01/2020    **End Date:** 08/31/2020    **Report Date:** 09/30/2020

**Organization:** SAMARITAN NORTH LINCOLN HOSPITAL

**Submitted Date:** 10/16/2020

Public Burden Statement: An agency may not conduct or sponsor, and a person is not required to respond to, a collection of information unless it displays a currently valid OMB control number. The OMB control number for this project is 0906-0044. Public reporting burden for this collection of information is estimated to average 5.66 hours per response, including the time for reviewing instructions, searching existing data sources, and completing and reviewing the collection of information. Send comments regarding this burden estimate or any other aspect of this collection of information, including suggestions for reducing this burden, to HRSA Reports Clearance Officer, 5600 Fishers Lane, Room 14N39, Rockville, Maryland, 20857.

## Demographics

### Demographics

This table collects demographic information for all individuals who have received direct services for substance use disorder (SUD), including opioid use disorder (OUD) funded by the Rural Communities Opioid Response Program (RCORP) in the project's rural service area.

Please do not leave any sections blank or use N/A (not applicable) since the measures are applicable to all RCORP grantees providing direct services. If the number for a particular category is zero (0), please put zero in the appropriate section (e.g., if the total number that is Hispanic or Latino is zero (0), enter zero in that section).

Ethnicity	Number
Please report the number of people served, by ethnicity, during the past 6-months.	
Hispanic or Latino	464
Not Hispanic or Latino	7,375
Unknown	574
<b>Total</b>	8,413

Race	Number
Please report the number of people served, by race, during the past 6-months.	
American Indian or Alaska Native	284
Asian	64
Black or African American	80
Native Hawaiian or Other Pacific Islander	31
White	7,330
More than one race	0
Unknown	624
<b>Total</b>	8,413

## Prevalence

### Prevalence

Non-Fatal Opioid Overdoses	Number
Please report the total number of non-fatal overdoses from opioid poisoning in your project's service area in the past 6-months.	
Number of non-fatal opioid overdoses in the project's service area	43

Fatal Opioid Overdoses	Number
Please report the total number of fatal overdoses from opioid poisoning in your project's service area in the past 6-months.	
Number of fatal opioid overdoses in the project's service area	2

NAS/NOW - related birth in project's service area	Number
Please report the total number of infants born with Neonatal Abstinence Syndrome (NAS)/Neonatal Opioid Withdrawal (NOW) Syndrome-related symptoms in the project service area in the past 6-months.	
Number of NAS/NOW - related births in the project's service area	9

Prevalence Form Comments
<p>Non-Fatal: This data is reported from our hospital's EPIC data system. Note - this data is most likely an underestimate as many overdoses don't present to the hospital ED.</p> <p>Fatal: This data comes from community partner reports. At this time, this data point is not being well tracked within the hospital data system. There is a need to improve data collection surrounding opioid related deaths.</p> <p>NAS/NOW: This data comes from the hospital's EPIC data system.</p>

## Direct Services

### Direct Services

Individuals Screened for SUD	Number
Please report the total number of individuals who have been screened for substance use disorder (SUD) in the past 6-months.	
Number of individuals screened for SUD	8,266

Patients with Positive Screen	Number
Please report the total number of patients who screened positive for alcohol or substance overuse/misuse, or at risk for overuse/misuse, in the past 6-months. If known, please specify the number of patients who screened positive for specific SUD. While patients could screen positive for multiple SUDs, each sub category should not exceed the total.	
Total number of patients who screened positive screen for alcohol or substance use	516
Number of patients who screened positive for alcohol overuse/misuse (or at risk of this)	378
Number of patients who screened positive for opioid overuse/misuse (or at risk of this)	143
Number of patients who screened positive for methamphetamine overuse/misuse (or at risk of this)	0
Number of patients who screened positive for other substance overuse/misuse (or at risk of this)	13

Patients Diagnosed with SUD	Number
Please provide the total number of patients diagnosed with substance use disorder in the past 6-months. If known, please specify the number of patients who were diagnosed for specific SUD. While patients could be diagnosed with multiple SUDs, each sub category should not exceed the total.	
Total number of patients diagnosed with alcohol or substance use disorder	408
Number of patients diagnosed with alcohol use disorder	359

# Rural Communities Opioid Response Program - Implementation (RCORP - Implementation)

**Organization:** SAMARITAN NORTH LINCOLN HOSPITAL

**Submitted Date:** 10/16/2020

Number of patients diagnosed with opioid use disorder (OUD)	14
Number of patients diagnosed with methamphetamine use disorder	26
Number of patients diagnosed with other substance use disorders (SUD) <i>If other, please specify other SUD diagnoses</i>	13

Other SUD Diagnoses	
SUD Diagnoses	Number
Other Type 1	13

Additional Screening and Diagnosis	Number
Patients with a diagnosis of SUD who were also screened for depression <i>Please report the total number of patients diagnosed with substance use disorder who were also screened for clinical depression using an age appropriate standardized tool such as the Patient Health Questionnaire 9 (PHQ-9) during the past 6-months.</i>	26
Patients with a diagnosis of SUD who were tested for HIV/AIDS <i>Please report the total number of patients with a diagnosis of substance use disorder who were also tested for HIV/AIDS during the past 6-months.</i>	18
Patients with a diagnosis of SUD who were tested for HCV <i>Please report the total number of patients with a diagnosis of substance use disorder who were also tested for Hepatitis C Virus (HCV) during the past 6-months.</i>	10
Patients with a diagnosis of SUD who were referred to treatment <i>Please report the total number of patients with a diagnosis of substance use disorder (SUD) who were referred for SUD treatment during the past 6-months.</i>	0

**Organization:** SAMARITAN NORTH LINCOLN HOSPITAL

**Submitted Date:** 10/16/2020

Patients with a diagnosis of SUD who were referred to support services	Number
Please report the total number of patients with a diagnosis of SUD who were referred to support services within the past 6-months, by type of service.	
Childcare	
Employment services	
Prenatal/postpartum care services	
Recovery housing	
Transportation to treatment	
Other Type 1 - Specify: None - we are not tracking	0
Other Type 2 - Specify:	
Other Type 3 - Specify:	

Patients who received MAT	Number
Please report the total number of patients who have received medication assisted treatment (MAT) only or MAT with psychosocial therapy within the past 6-months.	
Number of patients who received MAT AND psychosocial therapy in the past 6-months	84
Number of patients who received MAT ONLY in the past 6-months	10

Patients who received MAT for 3 months or more	Number
Please report the total number of patients who have received MAT (including both medication AND psychosocial therapy) for a period of 3 months or more without interruption in the past 6 months.	
Number of patients who have received MAT for 3 months or more without interruption	4

**Submitted Date:** 10/16/2020

**Direct Services Form Comments**

Individuals: Screenings determined by an SBIRT, AUDIT or DAST on file

Patients with Positive:

--1: Some patients screened positive for both alcohol and opioids/methamphetamine. 18 Patients who screened positive, screened positive for more than 1 substance.

--2: no comment

--3: Comment related to opioid and methamphetamine positive screen: 103 of 143 screenings reported positive for opioid overuse/misuse resulted from a positive DAST screening where we are unable to differentiate if the positive screen was for opioids or for methamphetamine.

--4: no comment

--5: no comment

Patients Diagnosed:

--1: no comment

--2: no comment

--3: This is an underestimate and not reflective of the actual number of people in our county with OUD.

--4: no comment

--5: no comment

Other Diagnose:

--1: 13 Cannabis

Additional Screening:

--1: no comment

--2: no comment

--3: no comment

--4: Not currently located in hospital's EPIC system and community partners did not report this data point at this time.

Support Services: None of these data points are not being tracked at this time.

## Workforce

### Workforce

#### Number of healthcare providers who have DATA waiver

Please report the total number of healthcare providers within the service area who have a Data Treatment Act 2000 (DATA) waiver to prescribe buprenorphine-containing products for medication assisted treatment (MAT). Additionally, please report the total number of health care providers within your consortium who have a DATA Waiver.

	Service Area	Within Consortium
Certified nurse-midwives		
Certified registered nurse anesthetists		
Clinical nurse specialists		
Nurse practitioners	2	1
Physicians (MD/DOs, including internal medicine, family medicine, pediatrics, and other specialties)	4	4
Physician assistants	3	3
Psychiatrists (i.e. physician in the specialty of psychiatry)		

#### Number of providers who have provided MAT

Please report the total number and full-time equivalent (FTE) of providers within the service area who have prescribed medications that are used to treat OUD in the past 6-months, by provider type. Please provide FTE in whole number (00) or decimal (00.00) format.

	FTE	Number
Certified registered nurse anesthetists		
Certified nurse-midwives		
Clinical nurse specialists		
Nurse practitioners		
Physicians (MD/DOs, including internal medicine, primary care, family medicine, pediatrics, and other specialties)	0	3
Physician assistants	1	3
Psychiatrists (i.e. physician in the specialty of psychiatry)		
Other Type 1		
Other Type 2		

# Rural Communities Opioid Response Program - Implementation (RCORP - Implementation)

**Organization:** SAMARITAN NORTH LINCOLN HOSPITAL

**Submitted Date:** 10/16/2020

<b>Other Type 3</b>		
---------------------	--	--

**Number of eligible providers without a DATA waiver**

Please report the total number and full-time equivalent (FTE) of providers within your consortium who are eligible for the Data Treatment Act 2000 (DATA) waiver but have not yet completed the necessary training to receive a waiver. Please specify by provider type and provide FTE in whole number (00) or decimal (00.00) format.

NOTE: This is the full list of provider types eligible to receive the DATA waiver at this time. If policy changes, we may use this response option to gather additional information on providers who become eligible.

	FTE	Number
<b>Certified nurse-midwives</b>	1	1
<b>Certified registered nurse anesthetists</b>	7.01	8
<b>Clinical nurse specialists</b>		
<b>Nurse practitioners</b>	12.80	15
<b>Physicians (MD/DOs, including internal medicine, primary care, family medicine, pediatrics, and other specialties)</b>	40.75	53
<b>Physician assistants</b>	14.75	16
<b>Psychiatrists (i.e. physician in the specialty of psychiatry)</b>		
<b>Other Type 1</b>		
<b>Other Type 2</b>		
<b>Other Type 3</b>		

**Number of providers currently providing SUD/ODU treatment services**

Please report the total number and full time equivalent (FTE) of providers within your consortium currently implementing SUD/ODU services, including MAT, in support of the RCORP project either directly or through contract (s). Please specify by provider type. Please provide FTE in whole number (00) or decimal (00.00) format.

# Rural Communities Opioid Response Program - Implementation (RCORP - Implementation)

**Submitted Date:** 10/16/2020

	Provider	Paraprofessional Staff	Community Members
Mental health first aid			
Naloxone training	0	0	320
Opioid prescribing guidelines	0	0	111
Stigma reduction	0	0	1200
Other Type 1			
Other Type 2			
Other Type 3			
Other Type 4			

**Workforce Form Comments**

# with Data Waiver: 8 of those with data waivers who work in our service area are also members of our consortium. 1 NP is not a member of the consortium.

# who have provided MAT:

--Physicians: FTE shown is 0 because we do not have this information (could be up to 3).

---FTE Comments (all except PA): Unable to provide this data at this time

---FTE PA Comment: Our data shows that one PA is working at 1.0 FTE but the other two PA's FTE is unknown

# Without Waiver: These are the number of providers in our service area who do not have DATA waivers and who work for organizations that are members of our consortium.

# Providing Treatment: These providers are not receiving funding through this RCORP grant to carry out their services.

---MA: This is an underestimate due to one organization choosing to report this data point and not all organizations reporting their Medical Assistant counts. These providers are not receiving funding through this RCORP grant to carry out their services.

Training:

--Community members:

--Naloxone: Individual trainings through harm reduction & MAT training. These trainings were not funded through this RCORP grant.

--Opioid: Through the MAT programs. These trainings were not funded through this RCORP grant.

--Stigma: Social Media. These trainings were not funded through this RCORP grant.
