- You can access the CCCWN website by going to [cccwn.org](http://cccwn.org)
- The home page is currently devoted to the 5210 campaign, since the month of February is the challenge put on by Samaritan Health Services (SHS) and Live Longer Lebanon. There are quite a few teams participating.

- **Dr. Jeannie Davis** – Really likes the layout of the website and the Home page is very nice and will be good for announcements and save the date announcements for upcoming events.
- **Sommer McLeish** – The mapping is like the Unite Us platform. Helpful to click on the services offered by partners.
- **Jolynn Meza Wynkoop** – Will refer website developer to Unite Us. *Sommer McLeish noted she can share the screen page of what Unite Us looks like and will send to Jolynn Meza Wynkoop.* Providers in Unite Us each have a section. You do have to have an account to use Unite Us.

- **Sommer McLeish** – Did have Jolynn Meza Wynkoop make a team for the Parent Success Network.
- **Jolynn Meza Wynkoop** – Will need to figure out how to reset points. Do we keep going or start over with the 5210 challenge?
- Members were encouraged to send any nutrition or healthy lifestyle information to Jolynn Meza Wynkoop and she can share to the 5210 page.

## 2022 Summit:

Discussion focused on the 2022 Summit.

- The Partners for Health Summit is scheduled for August 19, 2022.
- **Keynote Speaker** - Carolyn Aldwin, Ph.D. is available to be the keynote speaker and can talk about the “Effects of COVID-19 and Isolation.” She is no longer with OSU.
- **Location:**
  - a. **Dr. Jeannie Davis** – Did talk with Dr. Lisa Avery, President, Linn-Benton Community College, regarding using the Benton Center for the summit. It is available, but not sure yet on the cost.
  - b. The Boulder Falls Conference Center is also available on August 19, 2021, for the summit.
  - c. **Terri Fackrell** - The Corvallis Community Center could also be an option. They have a ballroom and 5 breakout rooms. Almost all rooms have virtual capacity to do a hybrid event. They have carts with Zoom capabilities.
    - Is there staff to support the event?
    - **Terri Fackrell** – They could help get things started, but they wouldn’t be available for the whole day.
    - They charge to use the facility by the hour, but they have a lower rate for certified tax-exempt agencies. The ballroom would be \$30 an hour and the breakout rooms would be \$18-26 an hour. *She will send a video of the space.*
  - d. We now have three location options for the summit – Benton Center, Boulder Falls Conference Center in Lebanon, and the Corvallis Community Center. *Dr. Jeannie Davis asked Jolynn Meza Wynkoop to help her put together a budget spreadsheet of the different options to compare.*
  - e. It was noted that the Boulder Falls Conference Center can seat a 100 people – With COVID restrictions sitting 6 feet apart.
- **Jolynn Meza Wynkoop** – Is planning a SUD summit in March at the Boulder Falls Conference Center. It is approximately \$1,600 to rent the whole center for the day and will cost close to \$5,000 to bring in the AV company.
- **Workshops** – Previously, discussed having 3 workshops.
  - a. The theme is around resilience and effects of COVID and isolation.
  - b. For workshops we discussed previously discussing topics around:
    - Mental Health
    - Health care
    - Families/Parents
    - Employment
    - We could also tie in homelessness

- **Terri Fackrell** – She has a Hospice contact - Lumina Hospice & Palliative Care that might be an option for a workshop presenter. *Dr. Jeannie Davis will see if the Hospice group can attend the March meeting.*
- Can the keynote speaker come to a future Linn, Benton, Lincoln Partners for Health meeting and share about herself and what she briefly will cover at the summit, which might spark some ideas for workshops? *Dr. Jeannie Davis noted that she will invite. Dr. Carolyn Aldwin to the March meeting.*
- It was requested to reach out to other members of the Linn, Benton, Lincoln Partners for Health group to see if they would also like to help with the summit or if they know of any additional members that might be interested in being part of our group. *Dr. Jeannie Davis can craft an email/letter to go out to prospective organizations.*
- **Dala Johnson** – What about a representative from ABC House or Center Against Rape and Domestic Violence (CARDV) as a member of Linn, Benton, Lincoln Partners for Health? Dr. Jeannie Davis noted that we have worked with CASA in the past.
- Would love to have CARDV do a presentation for our group.
- **Sommer McLeish** – There may be someone from the Hispanic/Latino population that we might be able to be part of our group. It was suggested to also reach out to Luis Acosta who does our translation for SHS and he might have a suggestion for someone. *Sommer McLeish will reach out to him.*
- Would the Boys and Girls Club be a good resource to talk about resilience in children at the summit.
  - a. It was noted that they may not have anyone that could do this. Possibly look at someone from SHS.
  - b. **Sommer McLeish** – PBS kids is a good resource. They might have a presenter.
- JoAnn Miller – We have about \$4,500 budget for the summit. We would need additional funds for technical assistance for a hybrid type model. It is approximately \$5,000 to bring in an AV company to run the event. You could go to the SHS website and ask for sponsorship. *Dr. Jeannie Davis noted that she would request sponsorship from SHS for the event.* Could also check with Julie Manning, but she would most likely refer to the SHS sponsorship page.
