County Health Rankings:

JoAnn Miller reported on the County Health Rankings.

- The Robert Wood Johnson Foundation County Health Rankings for 2010-2021 was reviewed. The County Health Rankings and Roadmaps is in connection with the University of Wisconsin Population Health Institute School of Medicine and Public Health. Counties are ranked based on Health Outcomes - How healthy is a county and Health Factors - What influences the health of the county. Health Outcomes and Health Factors for Benton, Lincoln, and Linn Counties Health for 2021 were noted.
 - a. Benton County – Health Outcomes – 1 and Health Factors – 1.
 - b. Lincoln County – Health Outcomes – 27 and Health Factors – 26.
 - c. Linn County – Health Outcomes – 18 and Health Factors – 11.
- This year, 34 counties were ranked. There were no ratings this year for Gilliam and Wheeler Counties.
- Last year the report had additional narrative and more information on the communities. This year just the measures and data is listed.
- People are encouraged to go on the website – www.countyhealthrankings.org for additional information.
- There has been concern expressed with Lincoln County consistently being in the bottom portion of the rankings and what we can do to improve.
 - a. Dr. Lesley Ogden is focusing on homelessness and the unhoused. A meeting is scheduled with Lincoln County staff to look at ways to improve the Health Outcomes and Health Factors for Lincoln County.
 - b. **Aimee Snyder** – The County Integration Network and Affordable Housing group meeting regularly. There are seven municipals of jurisdiction in Lincoln County. We know there are barriers that exist with City Council, etc. How do we bring things together to make larger changes? Shelagh Baird also attends some meetings throughout Lincoln County.

Aimee Snyder will let JoAnn Miller know on the dates and times of the meetings.

- At the last meeting, it was agreed that the name for the summit would be, “2021 Partners for Health Solutions Summit” (blurb later about what this means...mending, stronger together, etc.)
- The “draft” schedule for the Summit was reviewed. Changes were noted. The proposed schedule is as follows:
