Should this individual have access to an RCORP-Evaluation Dashboard account?

## Implementation III Prevention-Related Work Plan Activities

---

**5. Degree of Implementation.** For each core requirement below (per the RCORP-Implementation Notice of Funding Opportunity), please indicate the degree to which you have implemented the associated activities and sub-activities proposed in your last HRSA-approved work plan.

	Not Yet Started	Just Beginning	Partially Implemented	Fully Implemented
<b>P1. Public Education &amp; Stigma Reduction.</b> Provide culturally and linguistically appropriate education to improve family members', caregivers', and the public's understanding of evidence-based prevention, treatment, and recovery strategies for SUD/OUD, and to reduce stigma associated with the disease.				X
<b>P2. Naloxone Access.</b> Increase access to naloxone within the rural service area and provide training on overdose prevention and naloxone administration to ensure that individuals likely to respond to an overdose can take the appropriate steps to reverse an overdose.				X
<b>P3. Drug Take-Back Programs.</b> Implement year-round drug take-back programs.			X	
<b>P4. Community-Based Prevention.</b> Increase and support the use of school- and community-based prevention programs that are evidence-based to prevent misuse of opioids and other substances.				X
<b>P5. SUD Screening and Referral.</b> Identify and screen individuals at risk for SUD/OUD and provide or make referrals to prevention, harm reduction, early intervention, treatment, and other support services to minimize the potential for the development of SUD/OUD.				X

**6. Status Relative to Timeline.** For each core requirement below, please indicate your implementation status relative to the timeline proposed in your work plan.

	Delayed	On Track	Ahead of Schedule
<b>P1. Public Education &amp; Stigma Reduction.</b>		X	
<b>P2. Naloxone Access.</b>		X	
<b>P3. Drug Take-Back Programs.</b>		X	
<b>P4. Community-Based Prevention</b>		X	
<b>P5. SUD Screening and Referral.</b>		X	

**7. Did the COVID-19 pandemic disrupt any of your consortium's prevention activities?**

No

### Implementation III Treatment-Related Work Plan Activities

---

**8. Degree of Implementation.** For each core requirement below (per the RCORP-Implementation Notice of Funding Opportunity), please indicate the degree to which you have implemented the associated activities and sub-activities proposed in your last HRSA-approved work plan.

	Not Yet Started	Just Beginning	Partially Implemented	Fully Implemented
<b>T1. Screen for Infectious Diseases.</b> Screen and provide, or refer to, treatment patients with SUD/OUD who have infectious complications, including HIV, viral hepatitis, and endocarditis, particularly among PWID.				X
<b>T2. Recruit, Train, and Mentor MAT Support Staff.</b> Recruit, train, and mentor interdisciplinary teams of SUD/OUD clinical and social service providers who are trained, certified, and willing to provide medication-assisted treatment (MAT), including both evidence-based behavioral therapy (e.g., cognitive behavioral therapy, community reinforcement approach, etc.) and FDA-approved pharmacotherapy (e.g., buprenorphine, naltrexone). This can include providing support for the required training of providers who are pursuing DATA 2000 waivers for the prescription of buprenorphine-containing products and intend to provide these medications to their patients.				X
<b>T3. Workforce Recruitment and Development.</b> Increase the number of providers, other health and social service professionals, and appropriate paraprofessionals who are able to identify and treat SUD/OUD by providing professional development opportunities and recruitment incentives such as, but not limited to, the NHSC.			X	
<b>T4. Address Treatment Barriers through Integrated Care.</b> Reduce barriers to treatment, including by supporting integrated treatment and recovery, such as integration efforts between entities such as primary care service providers, behavioral health service providers, the criminal justice system, dentistry, and social services. As appropriate, provide support to pregnant women, children, and other at-risk populations using approaches that minimize stigma and other barriers to care.			X	
<b>T5. Strengthen Collaboration to Improve Emergency Treatment.</b> Train and strengthen collaboration with and between law enforcement and first responders to enhance their capability of responding and/or providing emergency treatment to those with SUD/OUD, particularly vulnerable populations within the service area that suffer from health access and outcome disparities.			X	
<b>T6. Optimize Reimbursement.</b> Train providers, administrative staff, and other relevant stakeholders to optimize reimbursement for treatment encounters through proper coding and billing across insurance types to ensure financial sustainability of services.	X			
<b>T7. Improve Access to Treatment Supports.</b> Enable individuals, families, and caregivers to find, access, and navigate evidence-based, affordable treatments for SUD/OUD, as well as home- and community-based services and social supports.				X

**9. Status Relative to Timeline.** For each core requirement below, please indicate your implementation status relative to the timeline proposed in your work plan.

	Delayed	On Track	Ahead of Schedule
T1. Screen for Infectious Diseases.	X		
T2. Recruit, Train, and Mentor MAT Support Staff.	X		
T3. Workforce Recruitment and Development.	X		
T4. Address Treatment Barriers through Integrated Care.	X		
T5. Strengthen collaboration to improve emergency treatment.	X		
T6. Optimize reimbursement.	X		
T7. Improve Access to Treatment Supports.	X		

**10. Did the COVID-19 pandemic disrupt any of your consortium's treatment activities?**

No

### Implementation III Recovery-Related Work Plan Activities

---

**11. Degree of Implementation.** For each core requirement below (per the RCORP-Implementation Notice of Funding Opportunity), please indicate the degree to which you have implemented the associated activities and sub-activities proposed in your last HRSA-approved work plan.

	Not Yet Started	Just Beginning	Partially Implemented	Fully Implemented
R1. Improve Discharge (Re-entry) Programs and Services. Enhance discharge coordination for people leaving inpatient treatment facilities and/or the criminal justice system who require linkages to home and community-based services and social supports, including case management, housing, employment, food assistance, transportation, medical and behavioral health services, faith-based organizations, and sober/transitional living facilities with the goal of improving health care in rural areas.			X	
R2. Expand Peer Workforce. Expand peer workforce and programming as interventionists in various settings, including hospitals, emergency departments, law enforcement departments, jails, SUD/OUD treatment programs, and in the community.				X
R3. Expand Availability of Recovery Support Services. Support the development of recovery communities, recovery coaches, and recovery community organizations to expand the availability of and access to recovery support services.				X

**12. Status Relative to Timeline.** For each core requirement below, please indicate your implementation status relative to the timeline proposed in your work plan.

	Delayed	On Track	Ahead of Schedule
R1. Improve Discharge (Re-entry) Programs and Services.	X		
R2. Expand Peer Workforce.	X		
R3. Expand Availability of Recovery Support Services.	X		

**13. Did the COVID-19 pandemic disrupt any of your consortium's recovery activities?**

No

**Other (please specify)**

Major challenge

**Specify other challenge:**

Barriers related to Peer Support Specialist Services

**Is this a challenge that you would like targeted technical assistance to help address?**

## **Challenges (continued)**

---

**14. Of the challenges specified, please choose three from the list below to describe in more detail:**

COVID-19 Pandemic

Workforce (e.g., hiring, recruitment, retention)

Other, written-in challenge

**22. Please describe the challenge(s) you had related to the COVID-19 pandemic**

COVID-19: COVID-19 continues to be a challenge as it can be unpredictable when people will become sick. Over the last month, the Samaritan Treatment and Recovery Services facility that provides local, residential treatment, was forced to shut down services due to a COVID-19 outbreak among both patients and staff. This disruption in treatment is not beneficial for the residents' treatment regimens.

**35. Please describe the challenge(s) you had related to workforce (e.g., hiring, recruitment, retention)**

Workforce: Workforce hiring and retention continues to be a challenge in our rural service area. There are programs in place to increase the workforce, specifically for CADC1s and PSSs, however, it is still a challenge to hire and retain staff.

**36. Please describe your other, written-in challenge(s)**

Peer Support Specialist Services: One challenge is related to the ways in which peer support specialists are able to engage clients/patients. Peers working with one partner organization are unable to enter a client home and are unable to provide any sort of transportation. In addition, there is no vehicle at the disposal of these peers to assist with transportation needs of clients. Also, some clients do not have access to reliable communication, so it can be difficult to have continuous communication with some clients.

### **Successes (continued)**

---

#### **37. Of the successes specified, please choose three from the list below to describe in more detail:**

Naloxone Distribution

Prevention

Stigma

#### **49. Please describe the success(es) you had related to naloxone distribution**

Naloxone Distribution: Naloxone distribution has been going well for community partners. Not only have they been able to reach vulnerable populations such as the unhoused, but Naloxone has also been distributed to staff and community members at hospital and community wide events.

#### **51. Please describe the success(es) you had related to prevention**

Prevention: The LifeSkills curriculum for 4th and 6th grade classrooms wrapped up their work for the school year in May. Their work has been instrumental in reaching the rural schools of Linn County and the younger generation. Another partner on our grant has been working to train their Youth Peer Outreach Worker who will strongly be involved in prevention efforts. He will be delivering his message and journey of substance use and recovery to the local high schools in the Fall.

#### **55. Please describe the success(es) you had related to stigma**

Stigma: The consortium launched a stigma reduction media campaign within the last 6 months and has been successful in getting the message out in various forms. We have billboards, paid advertising on Instagram, Facebook and Twitter, local radio announcements, and poster messaging placed in community organization locations. The messages going out are recovery focused and work to reduce shame and stigma attached with reaching out for help.

### **Medication-Assisted Treatment Options**

---

**60. What MAT medications (drug name and form) are currently being prescribed/distributed by at least one partner in your HRSA-designated rural service area? Select all that apply.**

- Buprenorphine (e.g., Subutex)
- Buprenorphine, extended-release subcutaneous injection (e.g., Sublocade)
- Buprenorphine with Naloxone (e.g., Suboxone film, Cassipa, Bunavail, Zubsolv)
- Naltrexone, oral tablets (e.g., ReVia, Depade)
- Naltrexone, extended-release injection (e.g., Vivitrol)

## Medication-Assisted Treatment Utilization

---

**61. Of the MAT patients served by your consortium/partnership, approximately what percentage receive the following?**

- Buprenorphine (e.g., Subutex) : 18.9%
  - Buprenorphine, extended-release subcutaneous injection (e.g., Sublocade) : 0.5%
  - Buprenorphine with Naloxone (e.g., Suboxone film, Cassipa, Bunavail, Zubsolv) : 43.7%
  - Methadone (e.g., Dolophine, Methadose) : 0%
  - Naltrexone, oral tablets (e.g., ReVia, Depade) : 33.6%
  - Naltrexone, extended-release injection (e.g., Vivitrol) : 3.3%
- Total : 100%

## MAT Access

---

**62. To what extent do the following impede your consortium's ability to provide MAT in your service area?**

	Not at all	To some extent	To a moderate extent	To a large extent
Clinicians are hesitant to treat OUD individuals with MAT due to perceived clinical complexity				X
General difficulty in getting OUD patients who present to engage in treatment		X		
Individuals in the community with OUD are not presenting for treatment	X			
Logistical barriers (e.g., transportation, telehealth-related issues such as no internet connection or cell phone, etc.)			X	
MAT is not seen as a best practice by clinicians	X			
MAT is not seen as a best practice by pharmacists or pharmacies	X			
Medications for OUD are not readily available in pharmacies	X			
Patient mistrust of the healthcare/treatment system				X
Patients are refusing MAT as a treatment approach	X			
Patients are uninsured or underinsured	X			
Providers unwilling to treat patients with SUD due to stereotypes/generalization			X	
Some clinicians are unwilling to prescribe MAT at all or to capacity				X

**63. How available are the following medications in retail and/or specialty pharmacies in your service area?**

	No availability	Limited availability	Full availability
Naloxone	X		
Buprenorphine (e.g., Subutex)			X
Buprenorphine, extended-release subcutaneous injection (e.g., Sublocade)		X	
Buprenorphine with Naloxone (e.g., Suboxone film, Cassipa, Bunavail, Zubsolv)			X
Naltrexone, extended-release injection (e.g., Vivitrol)			X
Naltrexone, oral tablets (e.g., ReVia, Depade)	X		

**64. What reasons, if any, were cited by the pharmacies for not stocking medications to treat OUD or prevent overdoses? Select all that apply.**

Concerned that filling too many prescriptions may trigger a DEA investigation

Financial losses due to medication costs

Lack of pharmacist knowledge or training about MAT

Pharmacy is concerned about having OUD patients in the pharmacy

### Naloxone Access

---

**65. Does your consortium/partnership distribute naloxone in your service area?**

Yes - as a result of full or partial RCORP funding

**66. What form of naloxone do you distribute? Select all that apply.**

Injection formulations

Nasal sprays

**67. Please rate the degree to which you believe the following benefits have resulted from naloxone distribution.**

	Not at all	To some extent	To a moderate extent	To a great extent
Prevention of fatal overdoses	X			
Decrease in stigma toward naloxone		X		
Engagement/increased engagement in harm reduction services		X		
Access/increased access in treatment services	X			
Engagement/increased engagement in other services (e.g., wrap-around)		X		
Secondary distribution of naloxone to individuals with SUD/OUD (e.g., community or family members who distribute naloxone to people with OUD)		X		
Bystander administration of naloxone		X		

**Comments**

**68. Please rate the extent to which the following impede your consortium from distributing naloxone.**

	Not at all	To some extent	To a moderate extent	To a large extent
Limited number of places/sites where naloxone could be distributed	X			
Limited number of staff at existing sites willing to distribute naloxone	X			
Limited supply of naloxone				X
Lack of knowledge of proper naloxone administration			X	
Stigma related to naloxone		X		
Lack of laws and polices supportive of naloxone (e.g., standing orders, third party policies)	X			

**Comments**

**69. Please check what is available in your service area. Select all that apply.**

Sharp disposal boxes/venues for naloxone needle disposal  
Overdose reversal reporting (e.g., track naloxone administration/use in your service area)

**70. Do you feel you are meeting the demand for naloxone?**

No

**71. What would your consortium need to facilitate larger-scale distribution of naloxone in your service area?**

At this time our consortium agrees that having a larger amount of Naloxone readily available will be what is most impactful for a larger-scale distribution.

**Peer Recovery Workers**

---

**72. Does your RCORP initiative currently include peer recovery workers (e.g., as consortium members, in workforce plan, or recipients of workforce development services)?**

Yes

**73. Within each of the following locations, please choose the option(s) that best describes peers' role(s):**

	Facilitate treatment/service entry	Facilitate treatment/service engagement	Provide supportive services	Provide advocacy-related activities	Other (please specify below)	N/A - No peers in this location
Emergency Services Units (e.g., law enforcement, paramedic units)						X
Harm Reduction Venues						X
Hospital Emergency Departments	X	X	X	X		
Jails/Prisons						X
Post-overdose Response Teams (a.k.a. QRTs, PORTs)						X
Primary Care (e.g., FQHCs, RHCs)	X	X	X	X		
Recovery Community Organizations	X	X	X	X		
SUD/OUD Treatment Programs	X	X	X	X		
Other (please specify below)	X	X	X	X		

**74. Please specify other location**

Therapeutic Early Childhood Programs

### Project Director Turnover

**75. Did you have a change in project director during the past year?**

No

### Grant Activities

**76. Please indicate whether the following activities have taken place in your HRSA-designated rural service area in the last 6 months.**

	Yes - as a result of full or partial RCORP funding	Yes - but not as a result of RCORP funding	No - Not at this time
Creating/continuing consortium/partnership subcommittees or working groups			X
Hosting town halls, focus groups (or other community education/outreach)	X		
Overdose reversal reporting		X	
Provider usage of Prescription Drug Monitoring Program (PDMP) data		X	
Telehealth (including services, trainings, and capacity-building)			X
Training on prescribing guidelines			X
Mental health first aid		X	
Stigma reduction activities	X		

## Comments

### Subcommittees/Working Groups

---

**77. Have you developed consortium/partnership subcommittees or working groups to address specific issues, fulfill core activities, etc.?**

No

**78. Does your consortium/partnership plan on developing any subcommittees or working groups within the next year?**

No

### Mobile Units

---

**79. Does your consortium utilize mobile units as part of your RCORP SUD service delivery?**

No

**80. Are you planning to utilize mobile units in the future?**

No

### Funding/Sustainability

---

**81. Please indicate the type(s) of sources of funding that you plan to use to sustain the consortium/partnership and/or its activities using the following categories (please check all that apply):**

Insurance – Medicaid/CHIP  
State grants

**82. Have opioid settlement funds been awarded to your state?**

Yes

**83. Has your consortium received any of these funds to date?**

No, and we don't expect to

**84. Are you familiar with the eligibility requirements for State Opioid Response (SOR) grants?**

Yes

**85. Since the beginning of your RCORP grant, has your consortium (or a consortium member) applied for SOR grant funds?**

No

**86. Please share why your consortium has not applied.**

One partner mentioned they have had workforce issues, and other work-related items/priorities.

**87. Are you or any of your consortium members/partners aware that SAMHSA provides Substance Abuse Prevention and Treatment Block Grants (SABGs) to your state's/jurisdiction's Single State Agency (SSA) for Substance Abuse Services?**

No

**88. What other types of funding opportunities are needed to address SUD/OUD in your target rural population?**

Other types of funds that are needed should be targeted to address low barrier housing and brick and mortar funds for business development.

**Rural Communities Opioid Response – Implementation

# RC-SWAY Work Plan

Overarching Goal: Reduce morbidity and mortality of substance use disorder (SUD), including opioid use disorder (OUD), in rural Linn County.								
Goal 1: Strengthen and expand SUD/OUD prevention services in rural Linn County.								
Objective	Activity Number	Activities	Improvement to health care delivery	Deliverable	Responsible persons	Timeline	Progress	Details
Develop and implement all five core prevention activities by August 31, 2024.	1a	Hire Project Director-Data Coordinator to support the RC-SWAY Project.	Improve coordination of services for people with SUD/OUD	Staff hired	SLCH	Q1	Completed	Jolynn Meza Wynkoop began as the PD-DC on 9/27/2021.
	1b	Hire or assign Peer Support Specialists and Peer Support Group Leader to implement RC-SWAY peer support activities.	Improve access to direct services and increase SUD/OUD supports	Staff hired	STARS FTRN	Q1	In Progress	Christine Felt began as the STARS PSS on 11/8/2021.  Amanda True began as the FTRN PSS on 12/1/2021.  <a href="#">Jessica Collin</a> will begin as the new FTRN PSS on 9/26/2022.
	1c	FTRN, STARS, LCAD, CHCLBC, will develop and distribute culturally and linguistically appropriate education material for family members and caregivers on	Improve knowledge of family members and caregivers around SUD/OUD, reduce stigma and increase ability to access care	# of education materials developed and distributed	FTRN	Q1-Q12	In Progress	Octavia Chandler began as the Peer Support Group Leader in 12/2021.  <a href="#">Joshua Pankau</a> began as the new Peer Support Group Leader on 8/4/2022.  Carter Kachel began as the new Youth Peer Outreach Worker on 7/20/2022.
								STARS has shared educational materials that are currently being used among the partners 12/6/2021.  FTRN  # of education materials developed and distributed: 1 (12/6/2021)  # of individuals receiving educational materials: 3 women (6/1/2022)

	SUD/OUD prevention, treatment and recovery.		# of individuals receiving educational materials: 7 women (8/4/2022)				
1d	PD-DC and STARS Peer Support Specialist will work with Brink Communications to develop the culturally specific messaging for the media campaign around SUD/OUD in multiple languages.	# of media messages, articles and printed materials distributed  # of media messages distributed monthly	STARS PSS PD-DC	Q3, Q7, Q11	In Progress	The stigma reduction media campaign took place across three counties, utilizing funds from various grant sources. The following are the results of the media campaign that was launched on 6/13/2022.  <u>Stats (6/8/2022-7/15/2022)</u> <u>Social Media</u> Impressions: 1,046,854 Post engagements: 4,688 Webpage views: 897 Out of Home Billboard Messages: 6 <u>Posters &amp; Wallet Cards</u> 618 posters distributed to 18 partners (English) 183 posters distributed to 14 partners (Spanish) 4,190 wallet cards distributed to 20 partners (English) 1,395 wallet cards distributed to 16 partners (Spanish)	This task was switched from C.H.A.N.C.E. to the Regional Overdose Prevention Coordinator (ROPC). Samaritan Lebanon Community Hospital has executed a purchase agreement with Lincoln County Health and Human Services for the purchase of Narcan for the rural Linn County region. \$15,000 is allocated towards Narcan purchasing for the first year of the grant.
1e	ROPC will coordinate and monitor the purchase and distribution of Narcan.	Reduce overdose fatalities	ROPC	Q1-Q12	In Progress	The first order was submitted and received. 216 Narcan kits were ordered on 4/11/2022 and were delivered to STARS.
